Series 7400™ Frameless Corner Entry

PERIMETER FRAMED SLIDING SHOWER SCREEN SYSTEM
WITH FRAMELESS DOORS

Series 7400™ Frameless Corner Entry features a slimline corner entry shower screen system with frameless sliding doors.

Exceptional Value

Indulge your imagination and create an absolute premium bathroom design at a surprisingly affordable price.

Effective Space Utilisation

Dual frameless sliding doors enable corner entry to the shower enclosure, providing clear and easy access. The **Series 7400™ Frameless Corner Entry** design facilitates the installation of a full size shower enclosure even when bathroom space is at a premium. Proximity of vanities, toilets and baths restricting access to the shower enclosure is no longer an issue.

Design Flexibility

Series 7400™ Frameless Corner Entry can be designed for installation into a variety of bathroom configurations. Ask your distributor for advice on a design to suit your requirements.

Magnetic Closure

Full length magnetic door seals, provide a positive close on point-of-entry which eliminates door roll back and creates impressive water splash resistance improving bathroom safety and function.

Components

Component and design features combine to provide convenience and colour co-ordination.

- Dress Trims
- Frameless Corner Entry D Handle
- Anti-bacterial clear (i.e. frost) and colour matched glazing vinyl

Water Resistance

Series 7400™ Frameless Corner Entry utilises a fixed panel and overlapping door configuration. This combined with magnetic door seals greatly improves water splash resistance. The purpose designed sill directs water run-off back into the shower recess ensuring your bathroom remains dry and safe.

Safety

Series 7400™ Frameless Corner Entry Shower Screen Systems are glazed to comply with the requirements of Australian Standards AS2208 and AS1288.

Glass Specification

Designed specifically for use with 6mm toughened glass.

Low Maintenance

Cleverly designed sill and quick release bottom rollers featured in all **Series 7400™ Frameless Corner Entry** shower screens are designed to minimise soap accumulation, and provide easy access for cleaning.

Premium Operation

The smooth sliding action of the frameless doors are enhanced by dual roller carriages featuring stainless steel bearings, ensuring premium operation at all times.
